

Four Decades of Oleochemicals in ASEAN

Qua began his talk with the history of oleochemicals

Qua ended his talk answering why there was no fatty amine production in ASEAN

With Dr Christina Phang, IChemE in Malaysia Board Chair 2018-19

Dr Yap Yeow Hong from UTAR found the topic to be very interesting and commended POPSIG for being able to draw a decent crowd in the evening.

Tawana Muchatuta from Zimbabwe with his wife. "The insights into how the challenges facing the industry on a socioeconomic level affect the evolution of the process technology were particularly interesting."

Chemical engineering undergraduates from the University of Malaya. L to R Loi Jia Xing, Teoh Wei Jian, Yap Loo Swan and Lai Ke Qin.

L to R Nick Ng, Eric Ng, Consultant, Gaia Tech Venture, Dr Phang and Prof Dr Mike Cloke (former Director SEA, IChemE)

Dr Chew Thean Yean (back to camera) from Sydney in conversation with Sivabalan Palaniandy, Technical Director, Midasutara Engineering.
